BALCONY COLLECTION

French brothers Ronan and Erwan Bouroullec have teamed up with HAY to create Balcony, an elegant new collection of outdoor furniture. Comprising an assortment of chairs, tables and benches, Balcony's expression is characterised by the symmetrical holes incorporated into the design. The presence of these laser-welded holes softens the aesthetics, as well as providing extra stability, creating a versatile collection that offers strength, comfort and a distinct appearance. Made in powder-coated steel with a weather-proof coating, Balcony's diverse size and colour options makes it suitable for all kinds of outdoor spaces.

Ronan & Erwan Bouroullec the Paris based design brothers from Brittany have been working together since 1998. Ronan is a graduate of the École supérieure des Arts décoratifs in Paris and Erwan attended the École nationale supérieure des Arts in Cergy before starting their own studio.

Together Ronan & Erwan Bouroullec have transformed the design industry and offered new perspectives of materiality and purpose. For Hay, they have designed the Palissade Collection, Copenhagen Collection, Can Sofa, Élémentaire Chair and the Balcony Collection.

The Balcony collection consist of chairs, lounge chairs, tables and benches in a number of different colour options.

The square design is softened by the rounded back, with the multiple holes in the seat and back strengthening the construction, as well as creating a distinct expression
